TERMINAL SYNTAX:

```
javac --module-path "C:\VTP4906\online food order\javafx-sdk-  
21.0.11\lib" --add-modules javafx.controls,javafx.fxml  
CafeJavaFX.java
```

```
java --module-path "C:\VTP4906\online food order\javafx-  
sdk21.0.11\lib" --add-modules javafx.controls,javafx.fxml --  
enable-native-access=javaafx.graphics CafeJavaFX
```

OUTPUT :

The image displays two screenshots of a JavaFX application titled "Cafe Food Order System".

The first screenshot shows the initial login screen. It features a text input field labeled "Enter Your Name" with the name "PRIYANKA" entered. Below the input field is a blue "Next" button.

The second screenshot shows the category selection screen. It displays the text "Select Category" followed by three radio button options: "Veg" (which is selected), "Non Veg", and "Beverages". Below these options are two buttons: a blue "Previous" button and a grey "Next" button.

Cafe Food Order System
